## REQUIRED CARRIER SPECIFIC TRAINING (CST) INSTRUCTIONS

**Annuity Carrier Specific Product Training** and state mandated **NAIC Annuity Training** (see STATE ANNUITY SUITABILITY TRAINING REQUIREMENT for regulation) must be completed prior to soliciting business. Failure to do so will result in rejected business.

Please carefully review the information below and provide a copy of the training certificate to ECA Marketing ([licensing@ecamarketing.com](mailto:licensing@ecamarketing.com)) once complete.

If you will not be participating in solicitation of annuity products with this carrier, you can bypass the CST requirements. **Life** producers are required to abide by the rules set in place by the carrier for any additional training requirements. Review **ADDITIONAL REQUIRED TRAINING** before proceeding.

### **Annuity Carrier Specific Product Training**

#### **Who should complete the product training?**

Please see "NAIC Model Regulation Annuity Suitability Requirements" document from Sentinel (on the next page) to confirm whether product training is required in a specific state.

#### **When can the product training be taken?**

Product training can be taken anytime. Product training can be completed the same day new business is solicited.

#### **Product Training Directions:**

- Go to <https://sslco.admin-portal.org/training/> and find the Agent Training link about halfway down the page. An agent number is not needed to login and complete the training.
- If new to the site, register to create an account. For step-by-step instructions, see information on pages two thru three of this document.
- Once registration is complete, the course page is viewable and the agent can select which course to complete.
- Once required training is completed, the certificate will automatically be recorded by the carrier.

### **Additional Required Training**

#### **Anti-Money Laundering Training (AML):**

Sentinel does not require an AML certificate be provided. However, the carrier does require the agent to sign as part of the agent contracting paperwork. The agent is certifying that the AML document was read and they will comply with the guidelines. This will need to be re-certified every two years on the Sentinel website.
